

TM SweetSauna
YOUR PRIVATE SPA AREA

THE ESSENCE OF WELL-BEING

The precious bouquet of durmast wood.

The fragrance of aromatic essences.

The energy of heat.

The harmony of design.

Unconventional elements that innovate tradition.

The image shows the interior of a SweetSauna 90. The walls and ceiling are covered in horizontal wooden planks. A glass door with a silver metal handle is partially open on the right side. On the left wall, there is a digital control panel with red and blue LEDs. The text "SweetSauna 90" is overlaid in the center of the image.

SweetSauna 90

YOUR PLEASURE

In less than 3 square metres, a real Finnish sauna that offers a new outlook on the Nordic tradition, based on mood-setting aromatic essences, music and wellness circuits.

The use of lights and colours, the choice of materials, the ergonomic layout of the commands and the harmony of design take the intensity of this heat bath to a new level of elegance and luxury.

SweetSauna 90

HEAT BATH

The internal heater, located next to the crystal or marble wall that provides the cabin with a touch of nobility and elegance, recreates the conditions of a Finnish sauna: temperature of 90°C and 10-20% relative humidity. Conditions that guarantee fast and localized sweating.

AROMAS

The natural scent of durmast makes this heat bath even more enveloping, while a selection of delicate essences accompanies you towards newly fragrant experiences.

WELLNESS CIRCUITS

Four different choices based on the main wellness objectives. One touch to select your favourite programme and enjoy a new level of pleasure, following the sensory suggestions of aromas, colours and music.

COLOURS

The colour outlines the elegant lines of the slats, creating the ideal ambiance that best suits your mood. The light sources create emotional effects amplified by the reflections on the crystal or marble walls behind the heater.

MUSIC

Personalise your Sweet Sauna 90 with your own favourite music. Additionally, each of the four different wellness programmes has its own sound frequencies track aimed at enhancing the benefits of each wellness circuit.

THINKING OUTSIDE THE BOX

Asymmetry and unparallel lines suggest imagination and creativity.
The innovative sawed-effect of the natural durmast surfaces expresses passion.
Think outside the box. Choose your own profile.

EXPAND YOUR VISION

The invention is simplicity.
The innovation is translating simplicity into a life style.
Find your well-being through new perspectives.

YOUR GENTLENESS

In less than 3 square metres, a thermal sauna that by irradiating heat recreates the same effect of an ancient Roman spa, offering soft and coddling sensations. For a mild heat bath without contraindications.

SweetSauna 50

HEAT BATH

Heat is radiated from the walls to recreate the beneficial conditions known to ancient Romans in their spas: a temperature of 50°C and 10-20% relative humidity. Conditions that guarantee evenly distributed and deep sweating.

AROMAS

The natural scent of durmast makes this heat bath even more enveloping, while a selection of delicate essences accompanies you towards newly fragrant experiences.

SweetSauna 50

WELLNESS CIRCUITS

Four different choices based on the main wellness objectives. One touch to select your favourite programme and enjoy a new level of gentleness, following the sensory suggestions of aromas, colours and music.

COLOURS

The colour outlines the elegant lines of the slats, creating the ideal ambiance to comply with your mood. The light sources create thrilling effects without dispelling the sense of intimacy.

MUSIC

Personalise your Sweet Sauna 50 with your own favourite music. Additionally, each of the four different wellness programmes has its own sound frequencies track aimed at enhancing the benefits of each circuit.

A SOFT EMBRACE

Heat finds its way even when it is discreet.
For the benefit of those seeking a sauna experience in a more delicate environment but without renouncing concrete benefits.

SweetSauna 50
SweetSauna 90

YOUR DESIRES

A simple gesture to receive your favourite treatment: 20 minutes immersed in a heat bath, surrounded by music, colours and the olfactory benefits of the aromas.

EXCITE

Re-energize yourself, with a selection of dynamic music sounds and the essences of orange and ginger.

WELLNESS A FINGER-TIP AWAY

Simple and intuitive to use, the Sweet Sauna 50 capacitive touch-screen panel allows you to immediately command all of the circuits and functions simply through your fingertips: it's the heat of your finger that expresses your wishes.

RELAX

Melt stress away, cradled by soothing sounds and the aromas of sweet orange and lime-blossom.

PURIFY

Restore your inner balance through stabilizing sound frequencies and the scent of pine.

TONIC

Recharge your body, accompanied by vigorous sounds and the essences of mint and vanilla.

YOUR FREEDOM

Sweet Sauna also means experiencing the wellness circuits in total freedom, selecting the duration of the heat bath according to your mood and with your favourite colour.

EXCLUSIVE DESIGN, HIGHEST EFFICIENCY

Sweet Sauna is designed for maximum two people without compromising on comfort and the space indispensable for a wellness experience, while keeping the overall surface area under 3 square metres.

Materials and surfaces are top quality.

Even the sense of touch is rewarded by sensations that only the most precious materials such as durmast, and an elegant craftsmanship, can provide.

The wide glass door offers excellent soundproofing while maintaining a visual continuum with the surroundings.

The steel and wooden handle of Sweet Sauna 90 and the steel handle of Sweet Sauna 50 ensure precise and effective opening and closing of the glass door.

Sweet Sauna is quickly installed wherever there are the conditions required as: minimum space, power and water connection.

Its maintenance is simple and managed by the control panel, that can be installed in a trolleyed cabinet or remotized without taking up any extra space.

Wellness at zero miles

Wellness at home is a life style that also helps reduce the environmental impact. Less stress, less pollution.

Sweet Sauna:

- has a very long mean life span. This reduces the need for raw materials and product disposal;
- has a consumption of maximum 3 kW, an energy consumption compatible with household requirements;
- is delivered in recyclable wood boxes;
- is produced using materials that are easily separable for recycling;
- 76% of the weight of Sweet Sauna 90 is recyclable.
- 73% of the weight of Sweet Sauna 50 is recyclable.
